Please correct citations of the above listed sources in the following paragraph:

Our research is based on statistical analysis performed using SPSS (version 14.0, purchased at UbiSoft, Hanoi, Viet Nam) and focused on business analysis following standard ISO 21001:2017 and EU regulation No. 2019/2152 (European business statistics) as written by Xiaowei Sun, Jieli Ding & Liuquan Sun (2020) and Thomas Frisendal (ISBN 978-3-642-32843-5). The research work of You Tian et al. (2020) and You Tian et al. (2020) were compared to that of Divangee et al. (2016) and Nutthachai & Varit (2014). Our conclusions were in agreement with literature (Schulz, 2020; Watkins, 2004). The findings significantly extended our knowledge on the field, especially compared to the summarized results of Lu & Lu [3].
